AI workflow

AI-assisted and rapid prototyping with Claude

Tools

Unity, Unreal Engine, Photoshop, Illustrator, Claude

Patryk Borowiec

Art Director · Level Artist · Unity Technical Artist

Łódź, Poland · open to remote

PROFILE

Game artist working in Unity since 2014. I started in 2D (UI/UX and assets from stylized to pixel art) and now cover the whole visual side of a game: art direction, concept art, level art, materials, particles and in-engine cutscenes, plus audio, including my own music. Most recently Art Director on **Dark Stream**, a psychological horror whose reveal trailer premiered on IGN. Outside games I'm a poster artist exhibiting at poster fairs.

EXPERIENCE

Art Director · Level Artist · UI · Unity Technical Artist

Feb 2023 – present

RedDeer.Games · Warsaw / remote

- **Dark Stream** (PC, Steam · full release March 2027): Art Director in a core team of five. Owned visual direction, anomaly design, story integration, all cutscenes, UI/UX and the entire audio side; sourced 3D models and reworked their textures and materials.
- Visual direction and level art for six Nintendo Switch titles: **My Cozy Room** Switch bestseller (two-person team), Cozy Land, Mini Market Design, Cooking, Tokyo Cooking and Uzzuzzu My Pet – Golf Dash (Unreal Engine).
- Hands-on in Unity: particles, post-processing, lighting, 3D, UI and audio implementation.

2D Artist

Nov 2020 – Jan 2023

Digital Melody Games · Warsaw, hybrid

- Characters, animation, UI and promo graphics for **Timberman**.
- 2D assets for **Jewel Tycoon: Dig & Build** and other mobile titles.

Graphic Designer · Illustrator · Poster Artist

May 2018 – present

Freelance · remote

- Visual direction and UI for **Stack the Pack!** (Super Duper Vibes, PC).
- Poster art: exhibiting at poster fairs, commissioned work for **Otodom**.
- Illustration, 2D graphics and level art for clients.

PERSONAL PROJECTS

Füel

in development · 2026

Co-op game for up to four players · Unity · with Maciek Sozanski

- The whole visual side, level design, level art, UX and UI.

What a show!

prototype

Idle clicker about running a TV station broadcasting a war live · Unity

- Concept, art and AI-assisted prototyping with Claude.
